LANDBOSS

DIESEL UTV RANGE

READY TO WORK

LANDBOSS

ABOUT THE COMPANY

Landboss diesel UTVs are 100 per cent Australian-owned and brought to you by Mojo Motorcycles, a highly reputable ATV and motorcycle distributor based in Victoria.

With almost two decades of experience distributing motorcycles and ATVs, the company noticed a clear trend towards diesel side-by-side vehicles in the Australian off-road market.

Mojo Motorcycles then went about developing a solid partnership with a manufacturing giant to produce high-quality diesel-powered UTVs best suited to our harsh Australian working conditions.

Landboss Diesel UTVs are available from over 80 experienced dealerships across the country delivering first-class sales, spare parts and servicing support network.

Now with the support of a wide-reaching dealer network, the distribution power of Mojo Motorcycles, and the strength of a global manufacturer, Landboss is a brand you can trust.

When it comes to hard work, take charge with Landboss.

READY TO WORK

Bigger, Better,
Ready to Work

NEW

LANDBOSS 1100D TICKS ALL THE BOXES FOR AUSSIE FAMERS

Powered by a bigger Kubota engine, the Landboss 1100D is ready to work. With a higher top speed of 60km/h (impressive for a diesel UTV) and bigger tow and carry capacities over the Landboss 800D, the Landboss 1100D will get the job done quick smart.

Durable design matched with serious 4WD capability including downhill descent control, the Landboss 1100D is well suited to tackle our harsh Australian working conditions.

- Kubota 24.8 hp, three-cylinder diesel engine
- 72Nm @ 2200rpm
- Top speed of 60km/h
- Downhill descent control
- Right-hand drive
- 800kg tow capacity
- 500kg tray capacity

LANDBOSS APPLICATIONS

MINING

With diesel powering every Landboss vehicle and the long list of safety features -- including ROPS-certified roll frames, seatbelts, reversing beepers, full lights package and horn and mirrors -- they make the perfect choice for mining and construction companies.

Landboss inherently understands that safety is important to the operating environment of your business, so whether you are underground or travelling = from site to base camp, Landboss vehicles have got you covered.

FARMING

Farm machinery needs to be versatile, and that can mean travelling long distances to carting around tools and equipment, help to muster cattle and towing sprayers. Landboss UTVs are highly suited to primary producers thanks to their industrial spec, quality build and powerful diesel engines.

With features like electronic power steering for light and easy maneuverability, a large steel tray with drop-down sides and over one tonne combined carrying and tow capacity, the Landboss UTV range is ready to work.

GOVERNMENT AND COUNCIL

Whether it's for surf lifesaving, as a national park workhorse, surveying or assisting on a council-run weed control program, Landboss can provide a commercial vehicle for any purpose.

By partnering with Landboss for your commercial or fleet needs, you have access to more than 80 dealers across the country which can carry out servicing and offer knowledgeable support. Contact our fleet services team to discuss how partnering with Landboss can help your business.

HUNTING AND RECREATION

Rest assured your vehicle will outlast any wild boar. Load up the large steel tray with all of your gear and hit the trails on the weekend.

Or have some fun and select 4WD to explore your very own patch of our beautiful country. Whether it's fishing, hunting, camping or simply getting out and about, Landboss has the right vehicle for your needs.

FLEET

We understand that dependability, durability and support are important for businesses managing commercial fleets. We also know that proper fleet management is imperative to help improve operational efficiencies, which is why Landboss vehicles make great business partners.

Landboss vehicles use the latest in engine technology with powerful Kubota diesel engines. All our vehicles are fitted with safety features such as ROPS-certified roll frames, bench seats with seatbelts, reversing beepers and a two-year factory warranty.

Landboss vehicles are suited to a range of commercial applications across governments, mining, farming and agriculture -- and they are great for hunting and recreation as well.

OUR TEAM CAN HELP

- Identify the best commercial vehicle fit for your business;
- Present a competitive pricing structure including finance agreements;
- Arrange delivery of your vehicle to your local Landboss dealer; and
- Work with your Landboss dealer to look after your fleet vehicles' servicing needs.

If your business requires a dependable, commercial work vehicle to improve its operation, then contact your dealer today.
